

# MR. PRESIDENT, MULTIEMPLOYER HEALTH PLANS WORK

“And that means that no matter how we reform health care, we will keep this promise: If you like your doctor, you will be able to keep your doctor. Period. If you like your health care plan, you will be able to keep your health care plan. Period. No one will take it away. No matter what. My view is that health care reform should be guided by a simple principle: fix what’s broken and build on what works.”

—President Obama, July 16, 2009

## WITHOUT ACTION, THE AFFORDABLE CARE ACT THREATENS THESE PLANS

For over 65 years, multiemployer plans have provided affordable, quality coverage to more than 26 million Americans and their families, exemplifying the best bipartisan ideas on health care coverage.

Because it does not recognize the unique nature of multiemployer plans, the Affordable Care Act contains provisions that could undermine this American success story and reduce the number of working families covered and lower the quality of their care.

The Obama administration and Congress must not allow this to happen.

## NOW IS THE TIME TO ACT

We urge the Obama administration and Congress to take steps that will allow multiemployer plans to continue providing quality coverage as the Affordable Care Act takes full effect.
